### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Peet on 11/3/2006.

The application has been amended as follows:

In claim 4, line 1 in the phrase "dose of a particles" remove the "a" to read "dose of particles".

Insert the following paragraph as the first paragraph of the specification:

"This application is a 371 of International Patent Application Number PCT/GB98/01980, filed July, 6, 1998, designating the United States, from which priority is claimed pursuant to 35 U.S.C. §365(c) and which is incorporated herein by reference."

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Fig. 16 uses reference number "29" to label the plug, however, pages 22 and 23 of the specification label the plug with reference number "79". Therefore, a new Fig. 16 will be submitted by Applicant using reference number

"79" to label the plug. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was a capsule and syringe containing a capsule that has two members coupled together which contains particles that are released upon the two members sliding apart in response to contact with pressurized fluid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura C. Schell whose telephone number is (571) 272-7881. The examiner can normally be reached on Monday-Friday 8am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kevin Sirmons can be reached on (571) 272-4965. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
